JPY53,200 per person for twin use

Kumano, the spiritual heartland of Japan has stood the test of time. The Kumano Kodo is one of only two pilgrimage World Heritage Sites globally. Its history stretches back over a thousand years. For millennia the mountainous region of Kumano has been thought to be the mythical “holy ground where gods dwell.” During the Heian period (794 - 1185), the Imperial household and court made the 30 to 40 day arduous journey from the ancient capital of Kyoto to this remote area, in search of heaven on earth. It is here that Kumano Sanzan, the three grand shrines and Nachisan Seiganto-ji Temple, were established.
